

Things Are Going to Change

I've always hated change you know,
But I want to be a Vet.
Or maybe train military dogs?
Maybe I'm all set?
But now I'm starting to realize,
Stuff is going to change,
Schools,
Jobs,
And dreams,
But maybe that's ok.

I want to go to Bucknell.
Or maybe I go to Penn State?
Or maybe I'll do it online?
I'll just have to wait.
Things are going to change you know,
The best things always do,
But that's not always bad,
It can be good too.

I want to start a vet business,
But maybe that won't work out,
And I've learned that that's ok,
Things are going to change.
